

## TASSO DI RIFERIMENTO INDUSTRIALE

Dal 1° gennaio 1995 (Decreto Ministero del Tesoro 21/12/94 pubblicato sulla G.U. n. 304 del 30/12/94) il tasso di riferimento che le banche praticano, ai sensi delle leggi esistenti, sulle operazioni di credito agevolato è determinato, per quanto attiene al costo di provvista, in relazione alla variazione dei seguenti parametri, arrotondati ai 5 centesimi superiori:

media dei rendimenti lordi in emissione dei Bot a sei mesi e a un anno e del Ribor a uno e a tre mesi, per le operazioni di durata fino a 18 mesi

media mensile dei rendimenti lordi dei titoli pubblici soggetti a tassazione (campione dei titoli pubblici soggetti a tassazione o RENDISTATO) per le operazioni oltre i 18 mesi

Il parametro indicato al punto 2), reso noto dalla Banca d'Italia, è riferito al secondo mese precedente quello di stipula del contratto e, relativamente alle operazioni di credito agraria e di credito fondiario, al secondo mese precedente quello di stipula del contratto definitivo.

Ai valori calcolati con le modalità descritte va aggiunta la commissione per oneri di intermediazione che rappresenta l'altro elemento del tasso di riferimento, anch'essa determinata con decreto del Ministero del Tesoro in via annuale. Per l'anno 2005 la commissione è stata fissata con apposito decreto nella misura di 1,00 punti percentuali (decreto ministeriale 01/02/2005 pubblicato sulla G.U. n. 30 del 7/2/2005).
